

# Objective 10

Designed, selected, organized and used diagnostic, formative and summative assessment strategies consistent with curriculum requirements.

## MOVs

1. Classroom observation tool (COT) rating sheet and/or inter-observer agreement form about using diagnostic, formative and summative assessment strategies
2. Prepared lesson plans/modified DLLs highlighting appropriate use of formative assessment strategies
3. Develop diagnostic tests: (a) with TOS reviewed by superior; (b) with sample accomplished questionnaire/answer sheets
4. Develop summative tests: (a) with TOS reviewed by superior; (b) with sample accomplished questionnaire/answer sheets
5. Develop performance tasks: (a) with rubrics reviewed by superior; (b) with sample accomplished rubrics
6. Others (Please specify and provide annotations)

**RATING SHEET  
(Teacher I-III)**

OBSERVER: GERALDINE M. TABING DATE: June 26, 2019  
NAME OF TEACHER OBSERVED: JERICO D. CASTILLO  
SUBJECT & GRADE LEVEL TAUGHT: Computer System Servicing, ICT 12-B

OBSERVATION:      1       2       3       4

**DIRECTIONS FOR THE OBSERVER:**

1. Rate each item on the checklist according to how well the teacher performed during the classroom observation. Mark the appropriate column with a (✓) mark.
2. Each indicator is assessed on an individual basis, regardless of its relationship to their indicators.
3. Attach you Observation Notes Form to the completed rating sheet.

THE TEACHER:	3	4	5	6	7	NO
1. Applies knowledge of content within and across curriculum teaching areas					✓	
2. Uses a range of teaching strategies that enhance learner achievement in literacy and numeracy skills					✓	
3. Applies a range of teaching strategies to develop critical thinking, as well as other higher-order thinking skills					✓	
4. Manages classroom structure to engage learners, individually or in groups, in meaningful exploration, discovery and hands-on activities within a range of physical learning environments				✓		
5. Manages learners behavior constructively by applying positive and non-violent discipline to ensure learning-focused environments					✓	
6. Uses differentiated, developmentally appropriate learning experiences to address learner's gender, needs, strengths, interests and experiences				✓		
7. Plans, manages and implements developmentally sequenced teaching and learning processes to meet curriculum requirements and varied teaching contexts					✓	
8. Selects, develops, organizes, and uses appropriate teaching and learning resources, including ICT, to address learning goals						
9. Designs, selects, organizes, and uses diagnostic, formative and summative assessment strategies consistent with curriculum requirements						

**OTHER COMMENTS:**

- The teacher used a variety of teaching strategies such as pretest-posttest, reflective learning through think-pair-share and exit ticketing and re-demonstration of procedures in installing one application software.
- He posited reflective learning by allowing his students `to connect ideas to past knowledge in order to solve problems.
- He showed mastery of the lesson.
- Students were listening and participating in the task given to them.
- A relax classroom environment was observed.
- A final rating of 7 was hereby given for this observation.

*Note: for schools with only one observer (i.e., Principal), this form will serve as the final rating sheet.*

 Master Teacher II

Noted:

**ADORANDO R. DARVIN**  
 Principal II

- may be used or altered without restriction
- generally developed under government grants

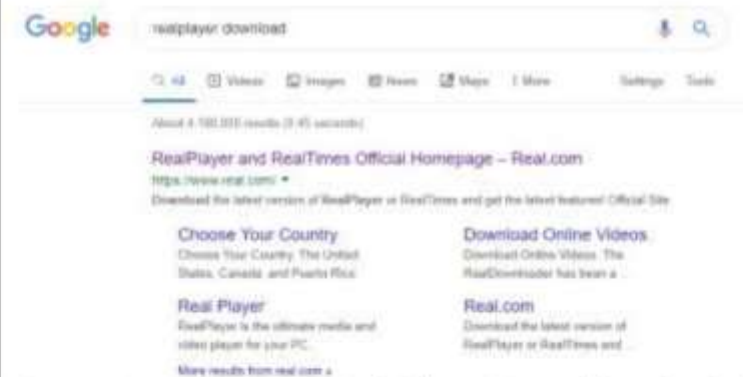

**Open-Source**

- free to all
- source code is distributed
- may be used or altered
- popular under the LINUX OS

**Commercial**

- used most often
- copyrighted
- generally costly
- may not be copied without permission of manufacturer

**RealPlayer Installation Procedures**

Go to any Internet browsers like Google Chrome. Type realplayer download in the search bar. Click the first link. It will redirect you to the website.

Click the Download RealPlayer for Free button. Select Zip package. It will automatically download and save it to your local drive.

Double-click the RealTimes-RealPlayer.exe file.

Click Run. It will prompt a message "Do you want to install the program". Click Yes.

**RATING SHEET  
 (Teacher I-III)**

OBSERVER: GERALDINE M. TABING DATE: November 17, 2019  
 NAME OF TEACHER OBSERVED: JERICO D. CASTILLO  
 SUBJECT & GRADE LEVEL TAUGHT: Media and Information Literacy HUMSS 11-D

OBSERVATION:      1                       2                       3                       4

**DIRECTIONS FOR THE OBSERVER:**

1. Rate each item on the checklist according to how well the teacher performed during the classroom observation. Mark the appropriate column with a (✓) mark.
2. Each indicator is assessed on an individual basis, regardless of its relationship to their indicators.
3. Attach you Observation Notes Form to the completed rating sheet.

THE TEACHER:	3	4	5	6	7	NO
1. Applies knowledge of content within and across curriculum teaching areas					✓	
2. Uses a range of teaching strategies that enhance learner achievement in literacy and numeracy skills				✓		
3. Applies a range of teaching strategies to develop critical thinking, as well as other higher-order thinking skills				✓		
4. Manages classroom structure to engage learners, individually or in groups, in meaningful exploration, discovery and hands-on activities within a range of physical learning environments					✓	
5. Manages learners behavior constructively by applying positive and non-violent discipline to ensure learning-focused environments					✓	
6. Uses differentiated, developmentally appropriate learning experiences to address learner's gender, needs, strengths, interests and experiences						
7. Plans, manages and implements developmentally sequenced teaching and learning processes to meet curriculum requirements and varied teaching contexts					✓	
8. Selects, develops, organizes, and uses appropriate teaching and learning resources, including ICT, to address learning goals					✓	
9. Designs, selects, organizes, and uses diagnostic, formative and summative assessment strategies consistent with curriculum requirements						

**OTHER COMMENTS:**

- ◆ An effective teacher in MIL because the students were able to sketch a simple typography, an inspirational wall hang.
- ◆ The priming activity was interesting, a picture analysis.
- ◆ Think-pair-share activity, the pictures said "Wait Paint" and "Setting Here is not Allowed".
- ◆ The students then reflected on it and give insight.
- ◆ A final rating of 7 was hereby given for this observation.

*Note: for schools with only one observer (i.e., Principal), this form will serve as the final rating sheet.*

**Daily Lesson Log in Media and Information Literacy**

<b>Date:</b>	November 17, 2019	<b>Grade Level:</b>	11
<b>Section/ Time:</b>	HUMSS 11D / 7:00 – 8:00	<b>Quarter:</b>	3rd

<b>I. OBJECTIVES</b>	At the end of the lesson, 80% of the students should be able to: (1) determine the concepts of text media; (2) discuss the basic principles of typography; and (3) follow the basic principles of typography.
<b>A. Content Standard</b>	The learner demonstrates understanding of different resources of media and information, their design principle and elements, and selection criteria.
<b>B. Performance Standard</b>	The learner produces a living museum or electronic portfolio or any creative forms of multimedia showcasing their/ his/ her understanding, insights, and perceptions of the different resources of media and information.
<b>C. Learning Competencies</b>	<ul style="list-style-type: none"> <li>▪ describes the different dimensions of text information and media <b>MIL11/12TIM-IVb-3</b></li> <li>▪ comprehends how text information and media is/ are formally and informally produced, organized, and disseminated <b>MIL11/12TIM-IVb-4</b></li> <li>▪ evaluates the reliability and validity of text information and media and its/ their sources using selection criteria <b>MIL11/12TIM-IVb-5</b></li> <li>▪ produces and evaluates a creative text-based presentation using design principle elements <b>MIL11/12TIM-IVb-6</b></li> </ul>
<b>II. CONTENT</b>	Text Media and Information (Typography)
<b>III. REFERENCES / MATERIALS</b>	Curriculum Guide, online resources or readings found on the internet, Power Point presentation, LCD TV, Laptop <ul style="list-style-type: none"> <li>• 5 basic principles you must consider to master the art of typography <a href="http://tangledindesign.com/5-basic-principles-you-must-consider-to-master-the-art-of-typography/">http://tangledindesign.com/5-basic-principles-you-must-consider-to-master-the-art-of-typography/</a></li> </ul>
<b>IV. LEARNING TASKS</b>	
<b>Priming / Review</b>	<ul style="list-style-type: none"> <li>➤ Prayer</li> <li>➤ Greetings</li> <li>➤ Checking of Attendance</li> <li>➤ State the objectives of the lesson</li> <li>➤ Motivation: <b>4 Pics 2 Words Game</b></li> </ul> <p>Directions:</p> <ol style="list-style-type: none"> <li>1. <i>Review the pictures.</i> You will be shown a screen with four photographs. These four photographs each have something in common.</li> <li>2. <i>Guess the theme.</i> Below the pictures, you will see blank spaces indicating how many letters are in the answer. Below that, there will be a scrambled keyboard of possible letters you can select from when typing in your guess for the answer.</li> </ol> <p>Note: You will be provided with more letters than necessary. This is not simply a scrambler-type game.</p> <div style="text-align: center;">   <p><b>T E X T M E D I A</b></p> <p>T T M E X D E A I D A I N F O</p> </div>

	<p>➤ Pre-test Directions: Read each statement or question carefully. Write the correct answer on your notebook.</p> <ol style="list-style-type: none"> <li>1. It is any human-readable sequence of characters that can form intelligible words.</li> <li>2. It is the appearance that can be changed using font parameters.</li> <li>3. It is usually used for the body text of books, newspapers, magazines and research publication.</li> <li>4. It is unformatted text document by an editor as notepad on Windows platform.</li> <li>5. It is the space between your text and any other elements on the page.</li> </ol> <p>Key to Correction:</p> <ol style="list-style-type: none"> <li>1. Text</li> <li>2. Formatted Text</li> <li>3. Serif</li> <li>4. Text or .txt</li> <li>5. Proximity</li> </ol>
<p>Activity</p>	<p>Think-Pair-Share</p> <ol style="list-style-type: none"> <li>1. <u>THINK</u> on the design principles used in text media.</li> <li>2. Look for a <u>PAIR</u> and exchange analysis about the text media.</li> <li>3. <u>SHARE</u> in front the shared analysis about the text media.</li> </ol> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  <p>Image 1</p> </div> <div style="text-align: center;">  <p>Image 2</p> </div> </div>
<p>Analysis</p>	<p><b>GUIDE QUESTIONS:</b></p> <ol style="list-style-type: none"> <li>1. What are your observations about the principles of design used in the presented text media?</li> <li>2. Did the text media creator/ developer consider the principles of design in the creation process of the text media? If yes, why? If no, why?</li> <li>3. Are the principles of design effectively used in the text media material? Describe briefly.</li> <li>4. If given a chance, change or modify the look the text media presented.</li> </ol>
<p>Abstraction</p>	<p><b>Definition of Term/s</b></p> <ul style="list-style-type: none"> <li>• Text - any "human-readable sequence of characters" that can form intelligible words; simple and flexible format of presenting information or conveying ideas whether hand-written, printed or display on-screen</li> </ul> <p><b>Types of Text</b></p> <ul style="list-style-type: none"> <li>• <i>Hypertext</i> - serve to link different electronic documents and enable users to jump from one to other</li> <li>• <i>Plain or unformatted text</i> - fixed sized characters having essentially the same type of appearance</li> <li>• <i>Formatted text</i> - appearance can be changed using font parameters (bold, italic, font size, font color)</li> </ul> <p><b>Different Typefaces</b></p> <ul style="list-style-type: none"> <li>• <i>Serif</i> - connotes formality and readability in large amount of texts; usually used for the body text of books, newspapers, magazines and research publication; Example: Times New Roman, Garamond, Baskerville</li> <li>• <i>Sans Serif</i> - brings a clean or minimalist look to the text; used for clear and direct meaning of text such as road signage, building directory or nutrition facts in food packages; Example: Arial, Helvetica</li> <li>• <i>Script</i> - draws much attention to itself because of its brush-like strokes; usually used in wedding invitation cards or other formal events; Example: Edwardian, Vladimir</li> <li>• <i>Decorative</i> - caters to a wide variety of emotions (such as celebration, fear, horror) or themes (such as cowboys, circus holidays, summer, kiddie); Example: Chiller, Jokerman, Curly MT</li> </ul>

**File Formats**

- *Txt (Text)* - unformatted text document by an editor as notepad on Windows platform; File Extension: .txt
- *Doc (Document)* - a native format for storing documents created by MS Word package; File Extension: .doc
- *Pdf (Portable Document Format)* - developed by Adobe systems for cross platform exchange of documents, supports image and graphics; File Extension: .pdf

**Five Basic Principles of Design**

**EMPHASIS**

- importance or value given to a part of the text-based content
- make the text **bold italicized** have a **heavier weight** darkened or lightened enlarged

**PROXIMITY**

- how near or how far the text elements from each other
- when two things are closely related, bring them close together

**ALIGNMENT**

- how the text is positioned in the page
- left, center, right, or justified

**REPETITION**

- consistency of elements; unity of the entire design; repeating some typefaces within the page

**CONTRAST**

- creates visual interest; two elements are different from each other

**Application**

**THANK YOU OR SORRY CARD**

1. Create a two-folded THANK or SORRY card using only text and following the principles of design. (10 minutes)
2. Present it to class. (maximum of 1 minute per presenter)

**Rubric:**

Criteria	5	4	3	2	Score
Principles	All principles are identified, correctly described on text media	Most principles are identified, and generally are correctly described on text media	Some principles are identified, or incorrectly described on most of the objects	There are several missing principles or misidentified or incorrectly described or text media is missing	
Organization	The document is well organized, the descriptions of the principles are easy to find	The document is adequately organized, the descriptions of the principles can be found	The document is somewhat organized, the descriptions of the principles are confusing	The document is poorly organized, the descriptions of the principles are difficult to find or unclear	

**EXIT Ticketing**

The students will accomplish an exit ticket given the format below:  
After the conduct of today's lesson:

I learned that \_\_\_\_\_  
I want to learn more about \_\_\_\_\_  
I will apply what I have learned through \_\_\_\_\_

This activity will be taken for 5 minutes.

The teacher will ask students the application/ importance or its relationship to other discipline. Relate or give importance of having knowledge about the topic presented, give examples of other disciplines were the topic presented is applicable.

varied assessment tools

<b>IV. EVALUATION</b>	<p>Post-test</p> <p><b>Directions:</b> Read each statement or question carefully. Write the correct answer on your notebook.</p> <ol style="list-style-type: none"> <li>It is usually used for the body text of books, newspapers, magazines and research publication.</li> <li>It is unformatted text document by an editor as notepad on Windows platform.</li> <li>It is the appearance that can be changed using font parameters.</li> <li>It is any human-readable sequence of characters that can form intelligible words.</li> <li>It is the space between your text and any other elements on the page.</li> </ol> <p><b>Key to Correction:</b></p> <ol style="list-style-type: none"> <li>Serif</li> <li>Text or .txt</li> <li>Formatted Text</li> <li>Text</li> <li>Proximity</li> </ol>																															
<b>V. HOMEWORK</b>	Read and jot down important concepts of visual media.																															
<b>VI. REMARKS</b>

	<b>Number of Learners within Mastery Level</b>	32 out of 41 students reached the mastery level																														
<b>Number of Learners Needing Reinforcement</b>	0 out of 41 students needed reinforcement																															
<b>Number of Learners Needing Remediation</b>	0 out of 41 students needed remediation																															
<b>Reflection</b>	Student outputs are impressive as they were able to connect to the lesson and create new ideas in relevance to the topic discussed. Harnessing the creative abilities of my learners is proven to be very effective. Those learners who thought that they couldn't create artistic masterpieces were proven wrong; I believe I have brought out the artists within my students.

Appendix J.2

**RATING SHEET**  
**(Teacher I-III)**

OBSERVER: GERALDINE M. TABING DATE: February 12, 2020  
 NAME OF TEACHER OBSERVED: JERICO CASTILLO  
 SUBJECT & GRADE LEVEL TAUGHT: Media and Information Technology HUMSS 11-D

OBSERVATION:      1                   2                   3                   4

**DIRECTIONS FOR THE OBSERVER:**

1. Rate each item on the checklist according to how well the teacher performed during the classroom observation. Mark the appropriate column with a (✓) mark.
2. Each indicator is assessed on an individual basis, regardless of its relationship to their indicators.
3. Attach you Observation Notes Form to the completed rating sheet.

THE TEACHER:	3	4	5	6	7	NO
1. Applies knowledge of content within and across curriculum teaching areas					✓	
2. Uses a range of teaching strategies that enhance learner achievement in literacy and numeracy skills					✓	
3. Applies a range of teaching strategies to develop critical thinking, as well as other higher-order thinking skills					✓	
4. Manages classroom structure to engage learners, individually or in groups, in meaningful exploration, discovery and hands-on activities within a range of physical learning environments					✓	
5. Manages learners behavior constructively by applying positive and non-violent discipline to ensure learning-focused environments				✓		
6. Uses differentiated, developmentally appropriate learning experiences to address learner's gender, needs, strengths, interests and experiences						
7. Plans, manages and implements developmentally sequenced teaching and learning processes to meet curriculum requirements and varied teaching contexts				✓		
8. Selects, develops, organizes, and uses appropriate teaching and learning resources, including ICT, to address learning goals					✓	
9. Designs, selects, organizes, and uses diagnostic, formative and summative assessment strategies consistent with curriculum requirements						

**OTHER COMMENTS:**

The lesson from the very beginning to end was learner-centered. The activity "Graphic Novel" and "Still Photography" aroused the imagination of the learners. They were able to create or draw their own understanding or story of the pictures. A final rating of 7 was hereby given for this observation.

*Note: for schools with only one observer (i.e., Principal), this form will serve as the final rating sheet.*

**Daily Lesson Log in Media and Information Literacy**

<b>Date:</b>	February 12, 2020	<b>Grade Level:</b>	11
<b>Section/ Time:</b>	HUMSS 11D / 9:00 – 10:00	<b>Quarter:</b>	4 <sup>th</sup>

<b>OBJECTIVES</b>	At the end of the lesson, 80% of the students should be able to: (1) determine the basic concepts of visual information and media; (2) discuss the different visual design principles; and (3) apply visual design principles in taking a photo.
<b>Content Standard</b>	The learner demonstrates understanding of different resources of media and information, their design principle and elements, and selection criteria.
<b>Performance Standard</b>	The learner produces a living museum or electronic portfolio or any creative forms of multimedia showcasing their/ his/ her understanding, insights, and perceptions of the different resources of media and information.
<b>Learning Competencies</b>	<ul style="list-style-type: none"> <li>▪ describes the different dimensions of visual information and media</li> <li>▪ comprehends how visual information and media is/are formally and informally produced, organized, and disseminated</li> <li>▪ evaluates the reliability and validity of visual information and media and its/their sources using selection criteria</li> <li>▪ produces and evaluates a creative visual-based presentation using design principle and elements</li> </ul>
<b>CONTENT</b>	<b>Visual Information and Media</b>
<b>REFERENCES/ MATERIALS</b>	Curriculum Guide, online resources or readings found on the internet, Power Point presentation, LED TV, Hand-outs
<b>Priming/ Review</b>	<ul style="list-style-type: none"> <li>✓ Prayer</li> <li>✓ Greetings</li> <li>✓ Checking of Attendance</li> <li>✓ State the objectives of the lesson</li> <li>✓ <b>Motivation:</b> The teacher will show a picture and ask the students what are their observations.</li> </ul> <div style="text-align: center;">  </div> <ul style="list-style-type: none"> <li>✓ Pre-test Directions: Read each statement or question carefully. Write the correct answer on your notebook. <ol style="list-style-type: none"> <li>1. It is the sources of data or information in the form of visual representation.</li> <li>2. It is the popular image file format used by digital cameras to store photos.</li> <li>3. It has the ability to read CMYK and YCBCR color and has the ability to store such high pixel intensity.</li> <li>4. Elements on either side of the axis are arranged similarly.</li> <li>5. A sense of the distance between elements.</li> </ol> <p>Key to Correction:</p> <ol style="list-style-type: none"> <li>1. Visual Media</li> <li>2. JPEG or JPG</li> <li>3. TIFF</li> <li>4. Symmetry</li> <li>5. Proximity</li> </ol> </li> </ul>
<b>Activity</b>	<p><b>Graphic Novel</b></p> <p><b>Instructions:</b></p> <ol style="list-style-type: none"> <li>1. Write the story of the graphic novel in your notebook.</li> <li>2. You are not allowed to talk your classmates. (5 minutes)</li> </ol> <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <div style="text-align: center;"> <p>Scene # 1</p>  </div> <div style="text-align: center;"> <p>Scene # 2</p>  </div> </div>

**Analysis**

**Guide Questions:**

1. What is the story in this graphic novel?
2. Who is the main character in the story? How did you know?
3. What do you know about the main character? How did you know it?
4. Is it important to have a visual presentation in understanding a story? Why or Why not?

**Abstraction**

**Definition of Term/s**

*Visual Media* - sources of data or information in the form of visual representation; may be abstractions, analogues, rough illustrations or digital reproduction of objects

**Purpose of Visual Media**

- gain attention
- create meaning
- facilitate retention

**Common Visual Media File Types**

- *JPEG* - Joint Photographic Experts Group; popular image file format used by digital cameras to store photos; JPEG is great for images when you need to keep the size small, such as when you need to upload it online
- *GIF* - Graphics Interchange Format; image file format used for images on the web for its flexible web support and portability; Not all GIFs are animated, but the popular usage of GIF connotes the animated kind.
- *TIFF* - Tagged-Image File Format; best and only choice for professionals when images are intended for print. Its ability to read CMYK and YCBCR color and has the ability to store such high pixel intensity
- *PNG* - Portable Network Graphics; If you want to keep the size small, but still retain the image quality, use PNG. If you want to use transparencies, the PNG is the format for you.

**Principles of Visual Design**

- *Unity and Harmony*
  - Proximity – a sense of the distance between elements
  - Similarity – ability to seem repeatable with other elements
  - Continuation – the sense of having a line or pattern extend
  - Repetition – elements being copied or mimicked numerous times
  - Rhythm – achieved when recurring position, size, color, and use of a graphic element has a focal point interruption

- **Balance**
  - Symmetry – elements on either side of the axis are arranged similarly
  - Asymmetry – elements on each side differ in shape but still are in visual equilibrium
  - Radial – elements are arranged around a circular form
- **Hierarchy**
  - Trees – elements arranged in the order of a tree with a trunk, branches & sub branches
  - Nests – elements mapped on to each other as parents, children & grand children
  - Weight – elements of the same weight belong to the same class of hierarchical positions
- **Scale / Proportion**
  - Size – elements of different sizes in relationships with each other
  - Ration – elements related to each other in a ration appear together in visual harmony
  - Divisions – these create focal points that automatically give a sense of the relationships
- **Dominance/ Emphasis**
  - Highlight – breaking the visual hierarchy using form to lay emphasis
  - Colour – to distinguish between elements in a series of similar forms
  - Size – elements of different sizes focus the viewers' attention accordingly
- **Similarity & Contrast**
  - Light & Dark – clear foreground & background separation lend contrast between elements

Line – elements of varying textures & forms bring about a contrasting effect

**Application**

**Still Photography**

**Instructions: (Individual)**

Photoshoot: Using your own thing/s, choose one principle of design and take a photo based on your chosen principle.

- Using the share it app, send your taken pictures to your group leader then the leader will upload it to the Group's Google Drive.
- Do not send it to your FB messenger as it will reduce the resolution.

**Principles and Elements of Design Rubric**

	Excellent	Good	Average	Below Average	Failing
<b>Principles and Elements of Design</b>	Represented use of all principles and elements  Displayed a clear effort in regards to decision making	Showed most of the principles and elements  Displayed a decent effort in regards to decision making	Showed few of the principles and elements  Displayed some effort in regards to decision making	Showed one principle or element  Displayed little effort in regard to decision making	Showed no principles or elements  Displayed no effort to make appropriate decisions while shooting
<b>Quality</b>	Perfectly in focus- no shakiness or blur  Correct exposure and have accurate white balance or range of tones	Mostly in focus- some shakiness or blur  Mostly correct exposure/ white balance/ range of tones	Somewhat in focus- lots of shakiness or blur  Somewhat correct exposure/ white balance/ range of tones	Barely in focus- mostly shaky and blurry  exposure/ white balance/ range of tones are mostly off	Extremely blurred  exposure/ white balance/ range of tones are completely off

**EXIT Ticketing**

The students will accomplish an exit ticket given the format below:

After the conduct of today's lesson:

I learned that \_\_\_\_\_

I want to learn more about \_\_\_\_\_

I will apply what I have learned through \_\_\_\_\_

This activity will be taken for 5 minutes.

The teacher will ask students the application/ importance or its relationship to other discipline. Relate or give importance of having knowledge about the topic presented, give examples of other disciplines were the topic presented is applicable.

INDEX OF MASTERY			98.95%																													
To get the Index of Mastery = $(\text{Total Item} \times \text{Frequency} / (\text{Total Frequency} \times \text{Highest Possible Raw Score})) \times 100$																																
SECTION	ITEMS	FREQUENCY	ITEM * FREQUENCY																													
<b>HUMSS11D</b>	5	36	180																													
	4	2	8																													
	3	0	0																													
	2	0	0																													
	1	0	0																													
	Total	38	188																													
Number of Learners Within Mastery Level	36 out of 38 students reached the mastery level																															
Number of Learners Needing Reinforcement	0 out of 38 students needed reinforcement																															
Number of Learners Needing Remediation	0 out of 38 students needed remediation																															
Reflection	Collaboration is evident and effective during the delivery of my lesson. The students are seen to be very cooperative in learning process. Always showing positivity in everything encourages the students to do more and strive more to please their teacher and get the good grades that they wanted was very evident inside the classroom. Happiness is the best thing to be shown to the students.
